Support Provided by the Center for Student Success

State-Level Support
- Professional Development
- Networking

College-Level Support
- Coaching and Consulting
Coaching and Consulting Model

• The Center will contract with consultants
• Services (not funds) will be provided at the college-level
• This is not a one-time opportunity; there will be opportunities in the future
• Amount of support will vary depending on current needs and costs of consultants/coaches
  —General Guide 1-2 days and 5-10 virtual hours

- Consulting or Coaching 1/18-9/18
Action and Assessment (Work with Consultants/Coaches)

Action and Assessment Plans due on 2/15/18

Assessment Reports due 10/1/18
Request Consulting/Coaching in one-two areas of need IF
consulting/coaching would be helpful from January- September 2018
Requesting Consulting/Coaching

1. What current progress have you already made in this area?
2. How would consulting/coaching services assist your college with making more progress in this area?
3. What type of consultant/coach would be most helpful to you? For example, would a content expert consultant who can provide training and/or specific suggestions or a coach who has expertise in the process of change and can ask questions to help Guided Pathways teams carefully think through plans and actions work best? Do you think a national expert or local expert would work best? Why?
4. What is the general timeline/plan for using the consulting/coaching services?
Identifying Coaches/Consultants

• Do you have expertise in one of the content areas or as a change agent? Would you be interested in being a coach?

• Can you recommend someone who would be a great coach/consultant?

If so, please contact Christine Harrington at charrington@njccc.org by December 1, 2017.
